## FAQ Company Cars

### Is my company car a full Lease Car?

That does not really matter to you. All cars are the responsibility of OB-V-US and V-Care\*. But yes, in the past we leased cars at KBC Lease and did not had a lot of flexibility. Today all new cars are financially leased at ING Lease. The people that are still under full operational lease are:

1. Bo Dewitte = KBC Full lease
2. Merlijn Van Waeyenberghe = KBC Full lease

### Can we lease any car brand we want?

No. Currently we are standardized on BMW. However this can always change depending on how the Belgium fiscal system changes.
