

# What the FAQ

office days, alarm, gate, discord, charging

## What the FAQ

### 1. I heard you guys have an awesome discord server where can i join?

Here is our invite link: <https://discord.gg/QVyuKCK7d5> , please note this discord is not an official communications method.

This is an unofficial Discord server for obvus/vcare. The opinions expressed by the members of this server are solely their own and do not reflect the views or opinions of V-care. Ob-v-us/V-care\* takes no responsibility for any content posted by its members on this server and considers Layer8, email, Teams, and Signal to be its official communication channels.

### 2. What day is considered to be "office day"?

We're experimenting (with success) that monday is general office day. If there are alot of absences Danielle will send out an email to postpone office day to tuesday.

### 3. How do I get in the office when I'm first to arrive?

- ▶ Open the front gate with the code found in lastpass (you need to enter the code and press  to open it.
- ▶ To open the Front/Side door you can use your phone/badge. (it takes a couple of seconds to unlock)
- ▶ Check that the alarm has turned off. If you hear an annoying sound, it means you need to turn off the alarm by using your badge you've just used for opening the door.

### 4. What should I check before leaving the office (last)

- ▶ Check the waste calender and put the bins outside for pickup.
- ▶ Close the sliding doors and lock them with the key (leave the key on it)
- ▶ Check that all windows & shutters are closed upstairs
- ▶ Close all doors and activate the alarm.
- ▶ Activate the alarm by pressing the  icon on the keypad.
- ▶ Close the gate using the code found in lastpass and press  to close it.

## 5. Charging your Car?

People with Full electrical (Porsche EV, BMW i4 , BMW IX1) have precedence over hybrid electrical cars.

- You can use any charger that is available at our office.
- Please roll up the cable after you used the charger.
- If your car is charged (normally right before or after lunch) make sure to free up a charge point for someone else. We can all follow our charge level in some sort of sorcery app.
